Dear Parents and Carers,

Update Regarding Water Supply at School

I am writing to inform you of an issue affecting the school's water supply.

The school has identified a problem with our water supply and we have been working closely with relevant stakeholders and contractors to investigate and rectify the issue as quickly as possible. At present, the school has a limited water supply and we are carefully monitoring water consumption throughout the day.

We currently have access to fresh water and a number of toilets remain in use. In addition, we have contingency plans in place to ensure that drinking water is available for pupils and staff if required. We are also working closely with Kent County Council (KCC) to manage the situation and to ensure the school can remain open safely.

Please be assured that the health, safety and wellbeing of our pupils and staff remains our highest priority. We will continue to keep you updated on any developments and will inform you immediately if the situation changes.

Thank you for your understanding and continued support.

Yours sincerely

Mr C Kelly

HeadTeacher
