Music Masters Research Project – Permission to take part

Dear Year 4 and 5 Parents,

Mrs Julier's daughter is currently completing a Masters degree and as part of her research project, she would like to explore the effects of music on a child's learning process and in particular, does music help someone to learn new information more effectively.

This involves her coming into school on Tuesday 23rd and Wednesday 24th April and spending about 20 minutes with approx. 10 children. She will give them a short piece of information verbally and then she will sing them some facts. The aim will be to see whether listening to facts through song helps the children to retain information and how see their imagination also plays a role.

With your permission, she would like to make a voice recording of their responses so that she can write out their comments in her assignment. Please note there will not be any videos made and the voice recordings will be deleted once she has completed her research. Individual names will also not be included so children can remain anonymous.

We would be grateful if you could complete the consent form below and return this to school by Friday 4th April.

With kind regards,

K Julier

Mrs Julier

.....

Permission to take part in a Research Project

Child's name

Year

Please tick as appropriate:

- ☐ We give permission for Isabelle Julier to speak with our son/daughter.
- ☐ We do not give permission for Isabelle Julier to speak with our son/daughter.
