Friday 14th February 2025

Dear Parents and Carers,

We are very excited to inform you about some of the exciting events happening during our Maths and STEM Week starting on Monday 10th March 2025. The classes will go off timetable for part of the week to participate in fun and engaging activities to inspire and promote our young mathematicians and scientists of the future. We hope the children will enjoy either a visit from the Maths Puzzle Company, a trip to the Royal Engineers Museum or a chance to work with a STEM robotics company.

Throughout the week, all children will be designing and launching their own Water Rocket. Can you please help by saving any 2L bottles from the recycling bin? They will serve as the main body for our rockets.

We will also be running a times table competition on Times Table Rock Stars against another school, explore how radar technology is used, 3D printing, participate in workshops on managing money and of course dress up in red for Red Nose Day!!!

Below is an outline timetable of some of the scheduled events for the week and which year groups are participating. Separate, more detailed letters will be sent out regarding off-site trips.

Thank you for your support and we look forward to sharing the successes of the week with you.

Kind regards,

A Smiley

Mr Smiley

Deputy Head Teacher

Date	Event	Year Groups Involved
Monday 10th March	Natwest Money Sense Workshop On-Point Radar Activity	Year R Year 5 and 6
Tuesday 11th March	Natwest Money Sense Workshop Trip to the Royal Engineers Museum	Year 5 Year 4, 5 and 6
