3rd September 2021

Dear Parents and Carers

I hope I find you all well.

We have been contacted today by a parent to let us know that their child tested positive for Covid on a Lateral Flow test. They will now need to seek a confirmatory PCR test and self-isolate at this time until the results are back. Fortunately, the child's symptoms are currently mild and we wish them a speedy recovery.

As you may be aware the guidance on self-isolating etc has now changed. The main COVID control measures for the school are:

- Individuals will need to isolate if they have Covid symptoms or test positive
- Ventilation of spaces e.g. classroom windows open etc
- Enhanced cleaning and hygiene e.g hand sanitising

The school also has written a Covid Outbreak Contingency Plan which is attached and details the school's approach to managing Covid and any outbreak. We will inform you if your child or child's class is affected by any additional control measures.

I thank you for your support and wanted to ensure that we remain transparent and that you have the most accurate information. Please do not hesitate to contact me if you require any further information.

Yours sincerely

C Kelly
