

How to join a Google Classroom

1. All children have a Google Account managed by school. To log-in you need to access, through Chrome or Microsoft Edge, your child's account.

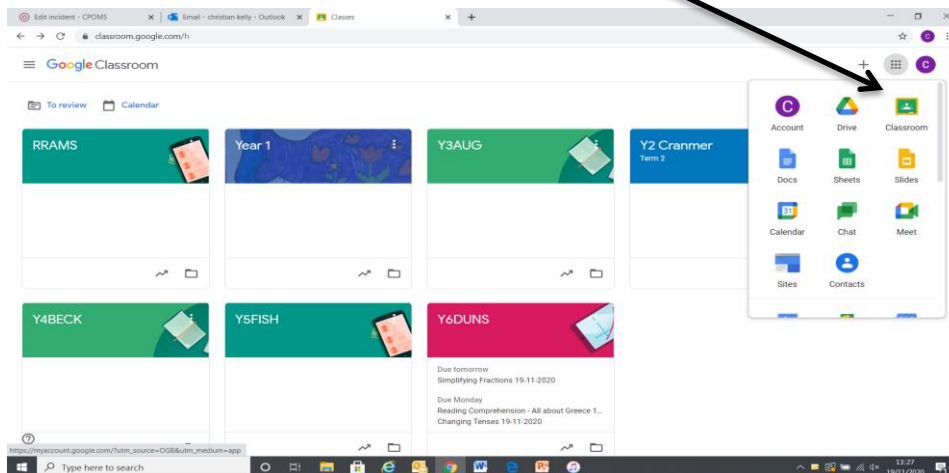

Email: firstname.lastname@bapchild.kent.sch.uk

PW: BapchildFirstname

Capital letters.

2. Click on the icon (3x3 dots) which shows the different apps eg. Drive, Docs etc and then click on the Classroom. This needs to be accepted.

3. Select the class (there should only be your child's class listed). The most current work is listed in the Stream or select the Classwork tab where work is organised by subject.
